

THE MORMON COURT, SALT LAKE CITY.

It seems to be extremely difficult for some people to profit by past experience. They are of that class to whom the old oriental proverb, is remarkably applicable: "Though thou shouldest Bray a foot in a mortar among wheat with a pestle, yet will not his foolishness depart from him."

We were greatly reminded of this by a portion of the speech delivered by Apostle Green Hyde at the Mormon Conference, and published in the "Mormon of Monday last." This quaint creature, yea! "Apostle," seems terribly annoyed because "Soldiers are intent on coming into Zion" (!); but consoles himself and his audience with the reflection that "their presence is but another evidence of the gentleness of our" (the polygynous) religion." Poor old deard! What an amazing strong argument!

But what a very unfortunate allusion that was made to "soldiers" being around the Savior's sepulchre! Surely he does not wish to suggest that "soldiers" will be around the sepulchre of polygyny? After all, though, there may be some force in the suggestion, for it would not be a very surprising thing they might have to fire a volley or two, and otherwise consign it to its grave with military honors. But we are no Prophet, and cannot pretend to say in what manner it will be buried, though its death is certain—that is, if it does not migrate to a clime more congenial to its incongruous nature than the moral atmosphere of America. The law doctor have held a general consultation concerning it, and arrived at an almost unanimous decision that it is a moral endemic of such virulence that residents of the locality where its direful influence prevails must be protected from further encroachments by it; and, to this end, they have provided a remedy, to be administered by the Judiciary on the first attack of the disease, in such proportions as the degree of violence with which the attack is made, and the nature or condition of the subject, may seem to justify. In aggravated cases, they may prescribe a "five hundred dollars fine and five years imprisonment."

A smaller dose may be prescribed; but as there is a sort of inkling among those who have never been infected with the disease that it is impossible for a person of correct habits to contract it, those who are not prepared to take the full dose prescribed as a remedy, had better adopt the precautions necessary to avoid the infection.

The New Short Route to Denver.

The following, from a private letter from Gen. Bela M. Hughes to Jo S. Roberson, Esq., agent of the Overland Stage Line, at this city, will be read with interest. It shows, notwithstanding the croakings to the contrary, that this great enterprise is feasible, and at no distant future will be made a public benefit to this place and the whole travel overland, from Missouri's banks to the Pacific shore. It contradicts the lately current rumor that the idea was impracticable if not impossible; and no better authority need be cited to settle the subject, as it is, that of Gen. Hughes, who is both scientific, practical and truthful in whatever he says or does. This road will shorten the route to the States between 150 and 200 miles.

OFFICE O. W. ROAD COMPANY, {
Denver, Col. Oct. 4, 1865. }
To Jo S. ROBERSON, Ag't. O. S. Line,
Salt Lake City.

Dear Sir:

I have adopted the Berthoud Pass, and will complete the Road over it in May, and the whole Road by next June 1st. All the reports about our abandoning the road, and its not being eligible, are utterly absurd. "The wish is father to the thought" of all who have said so. We will make the road, and a fine one, too, be assured. Yours truly,
B. M. HUGHES,
Pres't. O. W. R. Co.

TO ALL WHOM IT MAY CONCERN.—This is to certify, that, in consideration of the sum of twenty-five (\$25) dollars, lawfully money of the United States, to me in hand paid by MARSHAL FORSCOURT, of Co. "B" 3d Inf. Batt. Cal. Vol., the receipt of which is hereby acknowledged, Lieutenant COL. MULO GKOZON, commanding, has given permission to the said MARSHAL FORSCOURT, and he is hereby entitled to the exclusive privilege of keeping a Refreshment Stand in the Camp Douglas Theater, at this Post, for the entire period intervening between the date of this grant and the first day of May, one thousand eight hundred and sixty-six. ALL OTHER PERSONS ARE FORBIDDEN TO SELL ANY ARTICLE IN SAID THEATER DURING THE TERM OF THIS GRANT.

Dated at Camp Douglas, Utah Territory, this the twelfth day of August, one thousand eight hundred and sixty-five.

FRANCIS HONESTMAN,
1st Lt. 3d Inf. Batt. Cal. Vol.,
Post Treasurer.

Approved:
MILTON GEORGE, Lt. Col. Ass't N. V. C.,
Commanding Post.

There were 90 arrivals of steamer at the Seafarers' levee during the month of September, 47 arrivals of schooners and 14 of sloops. Receipts from steamer, \$734.00; from sail vessels, \$211.20; from wood barges, \$90.70; from California Navigation Company, \$240; fish market, \$25; discharging trucks, to the Miners' Bank, \$1.00; total receipts, \$1,445.00.

The V. & G. Co. are now in full hand.
The V. & G. Co. are now in full hand.

The sales for staples and general merchandise during the past week exhibit no material change in prices, except in flour, in which staple we have to note a decline.

The arrival of a few lots of goods has had a tendency to check the advance, but former prices are well sustained. There is no disposition shown by receivers of goods to sell under figures previously quoted.

Some leading articles of foreign merchandise still remain scarce, such as coffee, tea, tobacco, etc., and from present indications, the supply of these articles for Fall & Winter trade will be limited. We have to note a few small lots of Macdonay & Co., San Francisco Tea, arriving. The brand is a sure guarantee of a choice article.

We think our buyers have improved in the grade of coffee bought for this market, this season.

In Tobaccos we can say nothing in favor of buyers or manufacturers; as the great bulk yet received, even of the best brands, is largely damaged. We think the great fault lies in the curing and manufacturing, some, probably, being damaged in the transportation.

FLOUR—Extra St. Louis remains very scarce and dear. We noticed a very fine lot of choice being unloaded at Moers, J. J. Roe & Co.'s. But few lots of extra are in the market.

Several large lots of Salt Lake have arrived since our last review, and we have to note a further decline in this staple. There may be still a further decline of fifty cents per sack, but we predict before a new crop, or a new supply, high prices.

We quote as the current prices:

FLOUR—St. Louis, choice, per 98 lb. sack \$27 to \$28; States, \$20 to \$24;

Salt Lake, per 98 lb sack, \$16 to \$18.

BACON—Transports heavy. Heavy sides per lb. 50c.; medium, 47c.

HAMS—In good demand; per lb 60c to 65c.

LARD—Prices unchanged at 45¢ to 50¢.

CANDLES—Demand limited. No essential change in prices. Works Cincinnati, per lb. 65c; other brands, 60c.

SUGARS—Are in better demand. New Orleans per lb. 50c to 52½c; A, refined, 55c; powdered, 55c to 60c; crushed, per lb. 55c.

COFFEE—Somewhat advanced; supply light. Java, none; Rio, choice, \$1.95; Ordinary, \$1.

E. B. WATERBURY has associated him

with S. Jeff Perkins, in the auction and commission business, at Helena.

Both gentlemen are thorough business men, whom we can safely recommend to the people of Montana. They have now commenced the construction of a large fire-proof warehouse, a building very much needed in our wooden town for the storage of goods.

One morning last week, near Diamond City, a man known by the name of Jack Howard, was found dangling from the limb of a tree, in town. His face was turned toward the east, and a paper was pinned upon one leg, bearing the significant inscription, "Robber." He was left hanging nearly all day.

Fourteen hundred dollars was obtained from one day's run, in Montana Gulch, last week. Yesterday, in the same gulch, a nugget weighing nearly three hundred dollars, was found.

Idaho Items.

From the Boise City Statesman, of the 3d, we extract the following:

MACHINERY FOR IDAHO CITY.—Mr. C. M. Smith, of Chicago, passed through town yesterday with two large boilers and the necessary pumps and machinery to lift and force water on to some of the high antiferous claims near Idaho City. It is designed to be used for hydraulic working, and is expected to throw five hundred gallons every three minutes. Mr. Smith has been four months on the road.

COMMISSION RECEIVED.—Secretary H. C. Gilson received his commission yesterday appointing him Secretary of Idaho Territory. He will hereafter feel somewhat more at home in his office, since in place of being Acting Secretary he is now Secretary in fact, and by virtue of his office Acting Governor. Those who are anticipating a continuance of the past, and proverbial do-nothing, slack-water style of administration in the Secretarial and Executive offices, are going to be disappointed.

LUXUR. J. W. CLAWSON of the California Volunteers, who for several months past has filled the position of Quartermaster at Fort Dalles, arrived last night to assume the same position at this post. He comes with high recommendation from his former field of duty.

CAPT. MULLAN states that he has measured the distance from Chico, Cal., to Ruby City, I. T. with an odometer, and finds it to be 500 miles. Others assert that it is 425 miles.

MARRIED.—At the Iowa Home, Boise City, I. T., by Rev. St. M. Fackler, on the 1st inst. Mr. ALBERT G. TALBOT, of Marysville, Cal. and LIMA M., daughter of F. Smith, Esq., formerly of Mount Pleasant, Iowa. No cards sent.

And the following, from the Idaho City World, of the 30th:

BLACKFOOT GOLD.—Messrs. Powell & Co. received recently \$500 in gold dust from the new diggings on Blackfoot. It is coarse, and very dark in appearance, some of it being nearly black. It is said to assay about \$17.50 per ounce.

A GOOD CLEAN-UP.—The Elk Horn G. & S. M. Co. cleaned up last week, from crushing sixty-five tons of rock, 357 ounces of gold. This is a new mine, and the above figures recommends through its stamps, in unmistakable language, the wealth of the ledge.

QUARTZ SALES.—The following sales have been made at the office of C. B. White & Co. within the last ten days: J. M. Tubbs and others to the Occidental Silver Mining Company, of N. Y. City, 1000 feet in the King Mine, on Summit Flat, for \$5000. A. Showers and others to John Biles of Brooklyn, 400 feet in the Illinois Mine, for \$8000.

Those who believe the negro was created for slavery, will be instructed by reading the following extract from an address by Bishop Besom, of Kenosha.

Where this was a land of tents and shepherds; and Greece was a waste and Roma a desert; and the Western Ocean, unknown either in song or story, Africa covered herself the proud mother of nations, and the central source of civilization and social refinement.

Four inches of snow at the Sandy, near South Pass. Snow is right all round here—on Zion's mountain tops, and still it rains or had been up to go to press! Hard this on the iron market, and trade generally. M.A.

Temporary line was out of working order yesterday, at the Sandy, some where. Heavy snow storm in that South Pass section lately. M.A.

The best down to advance the marriage of a young lady is to have in her countenance brightness, in her speech wisdom, and in her behavior modesty.

Rock.—A very high air is talked of in Owyhee, in Idaho Territory, the vein yielding pieces of pure silver two inches by one, and as thick as a knife blade.

Gen. DODGE and staff, accompanied by distinguished gents from the east, started back to the Missouri River via the Butterfield-Smoky Hill route, from Denver, on the 4th. They left there "very favorably impressed with the appearance of the country."

J.N. & S.D. IRWIN are loading a mule train of twenty-two wagons at Butterfield's Overland Dispatch Company's warehouse. The freight is assort merchandise, destined for Salt Lake City. The train will start in a few days.—Atchison Champion, 290 ill.

Col. POTTIER, late Sub-District Commander at Denver, was complimented with a public supper at that city, the other night, previous to his starting for Salt Lake, to join his regiment, the 6th U.S. Vol. Speeches, toasts and a huge good time was had generally, judging from the papers.

REFRESHMENTS FOR THE SEASON! The attention of theatre-goers at Camp, with that of the getters-up of balls and parties there this winter, is specially directed to advertisement by Mr. FORTIN, in another column. He will have at readiness all the "essential elements" of refreshments requisite.

A BIG CHUNK.—At Mr. Livingston's office, East Temple street, we were shown, by our polite friend Dick Keyes, a mammoth chunk of the finest coal, taken from his bank at Coalville, on the Weber, weighing about a thousand pounds. Though not as precious as the gold, a good coal-bank is not a very poor thing to own—in this neck of the wilderness.

CAMP DOUGLAS THEATRE, TO-NIGHT.—Everybody and their friends, at Camp and surroundings, will take an interest in the dramatic entertainment offered by the Potter Troupe, this evening at the Camp Theatre. The ever beautiful play of "The Lady of Lyons," and the aggravating afterpiece of the "Young Widow" will be well presented, together with songs by the people's favorite, Mrs. Leslie. See the programmes.

APOLOGIC.—The unruly types stole a march on us yesterday morning, in an item about the theatre last night. The consequence was that we made Miss Carmichael a Mrs., "unbeknown to us," and double to the talented young postee particularly so. The amende honorable is herewith. Had the types twisted it to Mrs. somebody else, we wouldn't have cared so much, but as it was, we are sorry, and so apologize, of course.

OFF TO THE EAST.—Messrs. Louis McLane and Jas. Shaw continued on their journey Statesward, yesterday morning, in one of Ben Holliday's lightest Concord, tendered them by Superintendent Street, now abounding at this terminus. Jo. Roberson, the accommodating Agent here had them "billed" for a six-day trip to Atchison, but, the way the roads are now, eight days will be doing well, if not exceedingly so. We'll hear from the whole fast outfit as soon as they light on Atchison.

Somewhere "borrowed" or "gobbled" a volume entitled "Hall's Guide Book to the West" from room No. 18, Salt Lake House. Now, this is to say, to whom it may concern, that provided they'll return it and stop such tricks for the future, a "special pardon" is ready to be filled out for 'em forthwith. Otherwise, we'll digitate the thing, to the third and fourth generation of them that "abstain" anything out of the room aforesaid!

FRANK GILBERT, well known throughout California, died at the City Hospital in San Francisco, lately. He went to California in 1858, and for several years was proprietor of a pack train in El Dorado county. In 1868 he was Governor's agent and Deputy United States Marshal in Utah Territory. When the war broke out he went east and joined the rebels, but falling health induced him to return to California via Montana. He was about Montgomery street for two or three months, and then went to the City Hospital to die. He was a native of South Carolina, and aged 42 years. Tragedy die hard.

None wants a girl.—Telegraph, New York.

Well, I'd be bound I would if I could, provided we were married and on the "plausibility" as you prefer and practice.

HEADQUARTERS DISTRICT OF UTAH, CAMP DOUGLAS, UTAH TERR., October 10, 1865.]

GENERAL ORDERS, No. 1.

I. Lieutenant-Colonel Mito, George, 1st Batt. Nev. Vols. Cav., is hereby relieved from the Command of the District of Utah, which will be held by Major General A.

II. Lieutenant-Colonel W. Willard Smith, 8th Infantry, U.S. Vols., hereby assumes

Command of the District of Utah.

Commanding Official:

JNO. H. DALTON, A. A. A., General.

A PRIVATE letter from a member of Gen. Dodge's staff, to a St. Louis paper, dated at Fort Laramie the 1st of September, says: "News from Col. Sawyer's wagon route party has just come in. They turned up on Powder river. They were low for a month. The troops were in good health, but nearly naked. They lost three men, killed by Indians, who attacked them in great force three times, but were successfully repulsed. Col. Sawyer's brother was killed." The hardships experienced by the men of Gen. Connor's command can be appreciated by this.

HENRY WONDER, who was on trial in the District Court at Reese River for the crime of murder in the first degree, in killing one Henry Baker, near Egan Canon, was last Monday acquitted—the jury rendering a verdict of not guilty without leaving their seats. There was no evidence to convict him, excepting his own confessions, which the Court would not permit to go before the Jury, as they were extorted from the prisoner under the direst fear—he literally being under the gallows with the rope round his neck.

THERE is a good deal of excitement in religious circles in New York upon the question of episcopal clergymen exchanging with ministers of their denominations. Bishop Potter has remonstrated against it in a pastoral letter, but the so-called low-church clergymen continue the practice. On Sunday evening, 24th ult., the Rev. Dr. Storrs, a congregational minister of Brooklyn, preached in the church of the Rev. Dr. Tyng, in Sixteenth street, while the Rev. H. W. Beecher sat in one of the congregation in the minister's pew.

It is about time, that "citizens who come to Camp Douglas, to seek protection," should be taught a lesson, especially when they have become proficient in their abuse of Soldiers. An instance of one of these bucksters, who has been enjoying a home in Camp for some months, occurred a day or two since. He seems to delight in insulting Soldiers and the uniform they wear. If they cannot appreciate a home under the "flag," and behave themselves as becoming good peaceful citizens, we would advise them to seek some other clime. It would be well for some of them to emulate the example, which the quiet, gentlemanly conduct of our Volunteers has ever shown; they would fare better and be more respected. At any rate, if these people take it upon themselves to provoke our Volunteers ceaselessly, they will perhaps at sometime or other be made to know better.

"Tis sad—yet sweet—to listen
To the soft wind's gentle swell.
And think over scenes a' the past,
When we loved well, so well.
The bright and sunny days,
And the verdant fields of air,
To feel again our joyous youth,
To dream like angels there!

—
And from the tomb of feeling
Old thoughts come throbbing fast—
The forms we left are dimly seen,
In the happy days we gone.
The beautiful and lovely,
So fair to look upon.
Those brightened hearts mistakes
Who seemed so formed for blin',
The gladness of life's early years
For such a dark as this!
While soft a dark seemed swimming
In a sea of liquid light,
And whose bark of gold was streaming
O'er mountains steep and bright!
